# SR, SUBURBAN RESIDENTIAL DISTRICT

### Section 16.01 Intent

The intent of the "SR" Suburban Residential District is to provide neighborhoods adjacent to lakes or with direct access to collector or arterial roads. Also, this District is intended to serve as a transition between lower density residential land uses and higher intensity land uses. This District provides areas of the Township for the construction and continued use of single family detached dwellings within stable neighborhoods. Generally, it is intended that SR zoned development occur within approved platted subdivisions or similar developments that can be expected to eventually be served by public water and sewer services.

It is further the intent of this District to permit a limited range of residentially-related uses, and to prohibit multiple family, office, business, commercial, industrial and other uses that would interfere with the quality of residential life in this district. It is intended that development in this district be designed to preserve significant natural features. Preservation of open space, protection of flood prone areas, protection of wetlands and woodlands, and preservation of other natural features is encouraged. This District is intended to correspond with the *Medium Suburban Residential* future land use category of the Comprehensive Plan.

In the "SR" Suburban Residential Districts, the following provisions, regulations and restrictions shall apply:

### Section 16.02 Permitted Principal Uses
